Sample ID

- 1.) **Joint Stock Company-** This is a company made up of a group of shareholders. Each shareholder contributes some money to the company and receives some share of the company's profits and debts. Many of the first English colonies were organized by joint stock companies since they allowed for large sums of money to be invested in colonization efforts. The Virginia Company of London is an example of a joint stock company which sought to make money by creating the colony of Jamestown in Virginia.
