

# Southern Colonies Reviewed: Jocz Video Guide

<https://www.youtube.com/watch?v=y51ri8EwUZs>

**Directions:** Read your APUSH book and watch the Jocz review video “Southern Colonies.” Know the terms in red. You may also download the video slides at [www.apushexplained.com](http://www.apushexplained.com). Answer the questions below.

1. How did the imperial goals, types of people who came, and the North American environment impact British colonization of the Chesapeake and Southern colonies? **(2.1)**

Imperial Goals

Types of People

Environment

2. How did British colonizers economic and imperial goals shape their relationships with native populations? What conflicts developed between British colonists and the native population? **(2.1.1, 2.1.III.B, 2.1.III.E)**

3. What made the Chesapeake and Southern British colonies regionally different than the New England and Middle colonies? Focus on how environmental, economic, cultural, and demographic factors contributed to this unique regional identity. **(2.1.II)**

Environmental

Economic

Cultural

Demographic

4. How did the cultivation of tobacco, rice, and other staple cash crops impact the development of the Southern colonies? What factors contributed to a change in the labor force from white indentured servants to enslaved Africans? **(2.1.II.A, 2.1.III.A, 2.2.II.A)**

5. How did the emergence of the plantation system contribute to large numbers of enslaved workers? How did the southern colonies develop a system of slavery that reflected the economic, demographic, and geographic characteristics of those colonies? **(2.2.II, 2.2.II.A)**

6. What religious group played a small role in the colonization of the Chesapeake region and contributed to religious pluralism in the British colonies? **(2.2.I.A)**

7. What early forms of self-government developed in the Southern colonies? How did elite planters dominate southern politics? **(2.2.I.D, 2.1.II.E)**
